Schweizerische Normen-Vereinigung (SNV)
Association Suisse de Normalisation (SNV)
Swiss Association for Standardization (SNV)

Agenda

1	SNV – Relationships Diagram	
2	Are standards law?	
3	Define your own role in standardization	
7	INB/NK 149/UK42 – Artificial Intelligence	
10	How can I influence industries?	
11	Questions? - Contact Information	

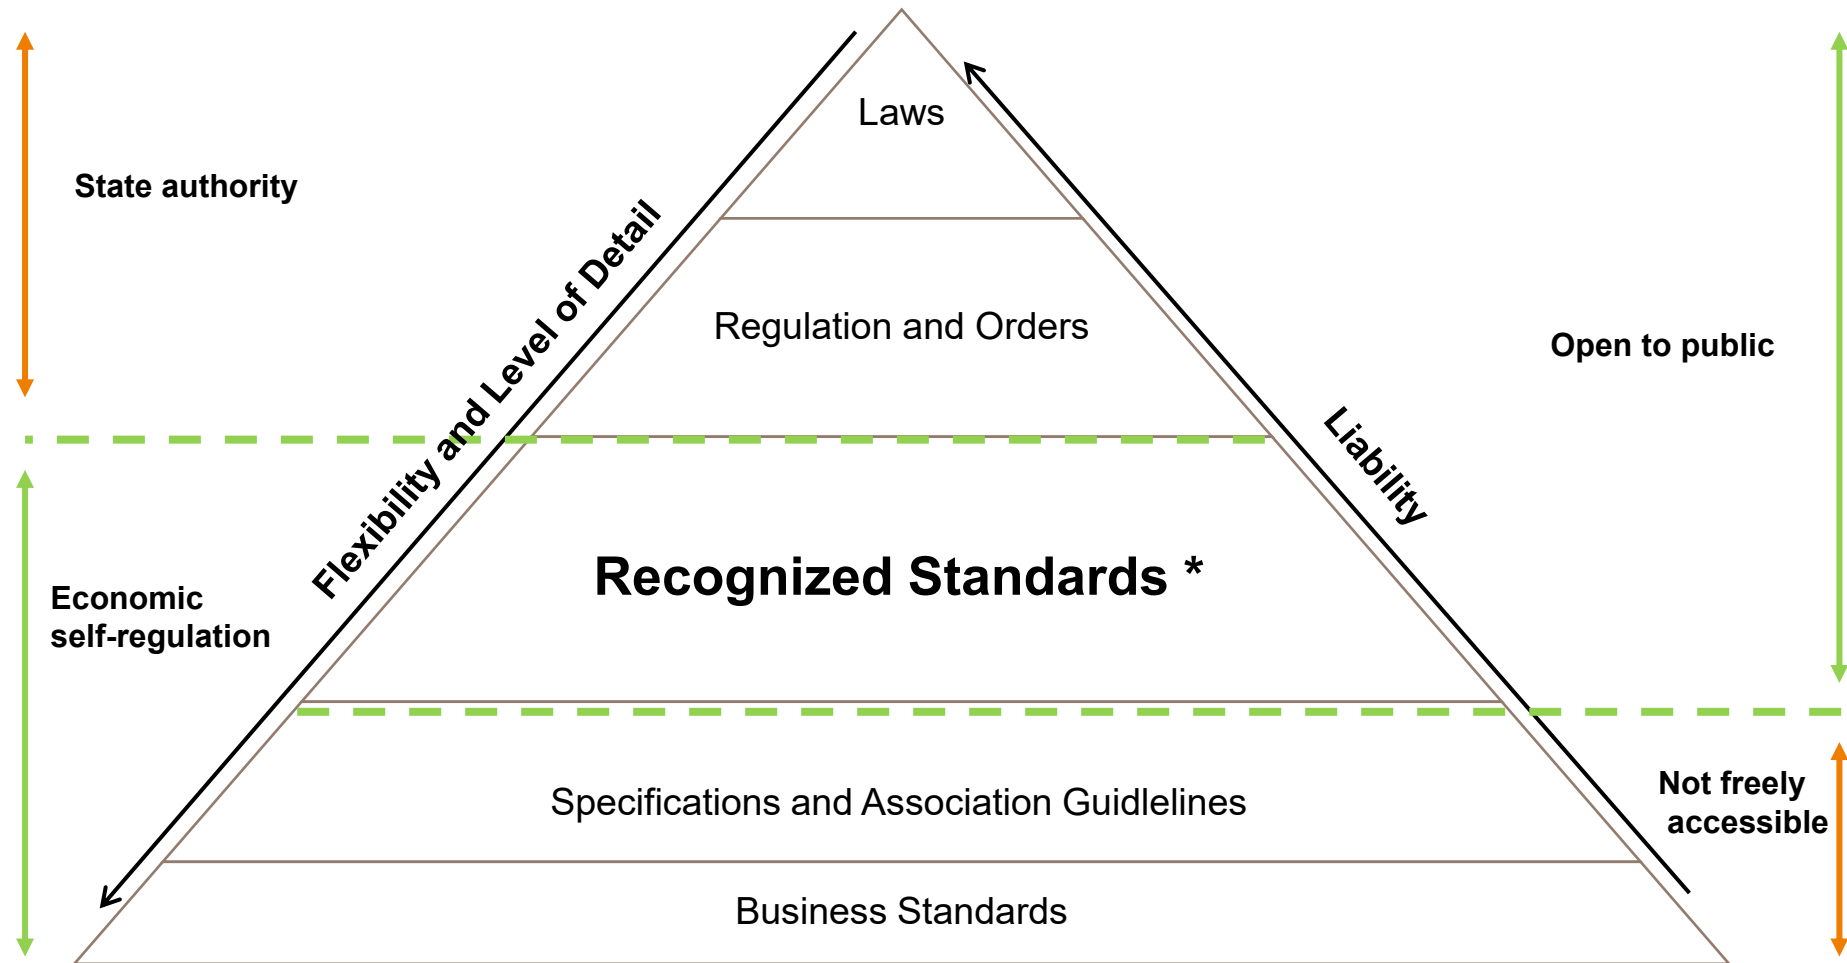

Relationships diagram for International, European and Swiss Standardization

Organization by industry

Specialized divisions	Interdisciplinary standards range (INB)*	Mechanical, electrical and metal engineering industries	Construction	Roads and transport	Watch industry	Electrical engineering	Telecommunications
Carriers	SNV INB Interdisziplinärer Normenbereich Secteur interdisciplinaire de normalisation	SWISSMEM SWISSMEM	SIA sia	VSS VSS	FH FH	Electrosuisse electro suisse	asut asut

Are Standards Law?

* Recognized Standards through Standardsorganizations ISO, IEC, ITU, CEN, CENELEC, ETSI, SNV and ASUT

Define your own role in standardization

Comment - as an expert for Switzerland

Vote: as an expert in a national standards committee

Active Development: as an expert at national, European, or international level

Lead: as a chairperson at national, European, or international level

INB/NK 149/UK42 – Artificial Intelligence

- **Swiss national mirror committee for ISO/IEC & CEN/CLC**
- **50 members** (from various industries – ICT, public admin., manufacturing, financial service etc.)
- Meet in person 1-2 annually Actively **participate in AI regulation and standardization** and their goal is to also **generate awareness** over AI to swiss citizens
- **Urgent standardization work:** ISO/IEC 4200-series & European Commision's EU AI Act (M593/613)
- Opportunities to attend international AI events (ISO/IEC JTC 1/SC 42 Plenary)

Influence or be influenced?

Take advantage of the benefits of SNV membership – just like 700 companies in Switzerland

Play an active role in shaping the future of technical conditions in your industry.

Become part of the standards community as an expert.

Get access to knowledge platforms and benefit from interesting discount offers on standards and seminars.

Generate added value for your company.

Benefit from a strong international network.
